How To Ace The National Geographic Bee, Official Study Guide, Fifth Edition

Synopsis

The National Geographic Bee is a local, state, and national academic contest for students in grades four through eight. The competition culminates in a finals face-off, broadcast live on National Geographic Television. This is the ultimate guide for gearing up for the events. Like the Bee, the guide has expanded its range of material to include social studies, earth and space science, the environment, and culture. Of course, geography is at its core, and the guide features the latest country and geographic statistics; selected new question rounds; updated resources; new tips from past winners; and a brand new country index full of vital stats. It's the perfect resource to help millions of school kids prepare to compete in the Bee. It's also a fun and helpful resource for trivia buffs, challenge seekers, and college-bound test-takers.
