Customer Reviews

I'm a proud Nicaraguan and I can appreciate the book for the information into our own Nicaraguan language. I found it funny, realistic and wonderfully truthful. It is missing a lot of other phrases that I grew up listening to and enjoying and actually still use but it does give you a chance to learn to speak and understand how the culture and the language in Nicaragua goes together. As a person who has friends from other countries and they at times do not understand my Nicaraguan spanish I will use this book as a guide to help them keep up with the conversation.

Amazing book! I used to live in Nicaragua (and had a beautiful Nicaraguan girlfriend before I moved

there), so with many friends, stories, histories and memories there and a great love for the culture, I really appreciated this e-book. I definitely recognized some of the regional vocabulary words/sayings in there, and I even learned plenty of new ones! I could think of a few that were not mentioned, but hey, 200 or so entries is pretty darn good and it's hard to find anything about Nicaraguan Spanish, let alone this great book chock full of Nicaraguan idioms! I also like Jamison's witty commentaries filled with humor and profound insight as he remarks on the meanings of these words and sayings. This is my "Bible of Nicaraguan Spanish" - not bad for having been written by a gringo! Five stars, all the way!

LOVE, LOVE.LOVED this book. During the 13 yrs. that I spent in Nica. I had always thought that they needed a book of their 'dichos/palabras nicas'. This book is exactly what I had in mind. It really is a must read if you are planning a trip to Nicaagua and would like to understand 'their language'. For me it is helping me rem. the words that are unique to Nica. and it brings back many happy memory's every time I pick it up.

My Nicaraguan friends give this book a thumbs up. The words and expressions are spot on for what the locals speak.

Fantastic book on Nicaraguan idioms, phrases, words and culture. Highly recommended for students of, or travelers to, Nicaragua.

I purchased this as a gift for my son. I was born in Nicaragua and had so much fun reading this little book. It describes us so well! I did not realize all the funny mannerisms and things we say!! I want one for myself!!

I love this book. I appreciate the fact that it's not full of 100s of Nicaraguan expressions. It's a manageable amount of great expressions to learn and incorporate into my daily language. And I love the choices the author made. Well done!

I recommend this book as a companion with learning Spanish. It is full of words and explanations of how the words are used.
