Pokemon Go is pretty much everywhere, so unless you've been living under a rock, you've certainly heard of it. If you haven't played it yet, however, I strongly encourage you to get this book before starting. It explains pretty much every feature of the game, so you won't have to waste your time trying to understand the game and you'll be able to enjoy it straight away.

This book has taught me how to do pokemon catching the easiest way. It also is a great guide on how to become a great pokemon trainer. I had a great fun reading through this cool guide because of its illustrations. A very comprehensive guide on pokemon go.

Working in downtown San Francisco gives me a lot of opportunities to catch Pokemon and play Pokemon Go on my lunch break. I think my favorite part of this book is how it talks about how to catch rare Pokemon and gives some good tips for leveling up in the game. I'll definitely utilize some of the strategies in this book on my next Pokemon Go adventure in the city.

Perfect! I've been looking for such a guide for a while now. As I recently started playing pokemon, this is the way to go. The insider information about finding pokemon is valuable to me, about the landmarks and Pokestops. I enjoyed the information about rare and regional pokemons.

too basic

this is very,very bad. there was bad spelling and I already knew this stuff.the legendary pokemon are not in the game!!!!!!!!!!!!
