# Victorian Style: Classic Homes Of North America

## Synopsis

North American Victorian architecture and interior design are explored in detail in this essential look at an enduring style. Packed with spectacular original photographs and informative text, this lively book opens a door to the ornate decorative past. It examines the architecture of this eclectic period as it has survived and is interpreted today, and explains through myriad examples how Victorian style can be recreated in every room of the house.

## Customer Reviews

If you are interested in Victorian style, especially that of the United States, this book is a good start. The book is not very large, it is rather thin, but easy to carry around if considering ideas for your own home or apartment. The author gives you precise and interesting backgrounds on many rooms of the Victorian style and how they were used. You will also enjoy some of the exterior home photos of classic Victorian houses from California and other states. This book is also very well priced for all the valuable information you get.

This book has provided wonderful ideas for my old house!

Excellent book, very good price, quick shipping! AAA

very happy

good

I purchased this book to give me ideas on which type of pattern/material I should use to reupholster a Victorian settee frame I recently bought. After looking through the breathtaking photos on these glossy pages, I know exactly which material to go with. And of course, from viewing this book I have a desire to purchase other victorian pieces to accompany the settee. It's a step back in time that must be seen. This is a wonderful book. Also, this book was like brand new although it is used. Just wish there were more pages.

This book came in great shape and it is a great book and has awesome illustrations. I would purchase again from this seller.

This is a great book with wonderful pictures and documentation of the victorian era. It has helped me learn more about my 107 year old Victorian Queen Anne home. A great asset in getting ideas for decorating.
