Wish this was a board book. I didn't notice until it arrived. I will wait to gift this to my grandson when he isn't chewing everything. Cute song. Love Raffi!

I read this book to my children when they were just little babes. I was so happy to have found the book again to give to them to have now that they are married so that when they have children they can read it to their little ones. Thank you Thank you for having this book available

The children that I read the book to really enjoyed the book.

One of my 2.5 year olds favorite songs/books

The kids love singing and doing the movements in this story. Always a popular choice at storytime!

This is a silly picture book of the perfect song for getting rid of the wiggles.

My son loves this book!

My daughter loves "song books" and this one is particularly fun. My 3 year old and 1 year old both love it and it's a super fun way to get some extra wiggles and sillies out! I would totally buy this again!
