## Customer Reviews

Wish I found this series after book 3 was released. This way I wouldn't have to wait to read it. Read both books in less than 24 hrs. CANNOT wait for book 3

It ends with a cliffhanger..... This book is really short and was just getting good and then it ends. And I don't like knowing that I have to wait. Boo!

Things start heating up at the end of this book. It leaves you with some clues as what is to come in

the next book. Ready to get some answers.

Loved it but need book 3!!!!!!

I don't like to read & very hard to find books that I can really get into, but all the books I have read by Jessica Sorensen, have caught my tension & keep it, I never wanted to stop reading it till I find what happens.

You will be pulled in different directions. Its quite the interesting read. You will definitely love it. Cant wait for the next one

There are so many twists and turns and I love the romance mixed with the action. Was not expecting what came to be and I want more!

Love the story line. She always seems to know how to keep me wanting more! I cannot wait for the next book!!!
