To Love A Highland Dragon: Highland Fantasy Romance (Dragon Lore Book 2)

Synopsis

A dragon shifter stirs and wakens in a cave beneath Inverness, deep in the Scottish Highlands. The cave's the same and his hoard intact, yet something's badly amiss. Determined to set whatever's gone wrong to rights, Lachlan Moncrieffe ventures above ground and wishes he hadn't. His castle's gone, replaced by ungainly row houses. Men aren't wearing plaids, and women scarcely wear anything at all, particularly the woman who accosts him with unseemly banter. What manner of wench is she to dress so provocatively? In Inverness for a year on a psychiatry fellowship, Dr. Maggie Hibbins watches an oddly dressed man pick his way out of a heather and gorse thicket. Even though it runs counter to her better judgment, she teases him about his strange attire. He looks so lost and so unbelievably, knock-out gorgeous she takes a chance and stands him a meal. Lachlan's shock when he picks up a local newspaper at a pub is so palpable, Maggie jumps in with both feet. She knew something was off, but the hard-to-accept truth bashes gaping holes in her equilibrium. He looks odd, sounds odd, acts odd because he's a refugee from another era. Her half-baked seduction scheme takes a hike, but her carefully constructed life is still about to change forever. Born of powerful witches, Maggie runs headlong into the myth and magic that are her birthright.

A finely crafted tale of magical Celtic God's, a Clan chieftain, his larger than life dragon and the strong independent woman, with untapped witch powers, they would take to mate. Little did Dr. Maggie Hibbins know a chance meeting would send her life spiraling out of control. He stepped into her world and brought a storm of trouble swirling around him. Now they are bound and being targeted by dark magical evil. Will they stay alive long enough to fulfill an ancient prophecy? Or will a dragons heart beat its last and evil rule the day?

I was freely given this book for an honest review. I loved this book. It sets place in Inverness, Scotland. We are introduced to Lachlan Moncrieffe. He awakens to an unfamiliar Scotland. He is dressed in an old fashioned kilt, uses neither fork nor knife to eat but instead a short dagger he procured from somewhere beneath his kilt. He proceeds to stab the fish with the dagger and stuff in his mouth. Do you get the idea he isn't from this time? He and his bonded dragon, Kheladin are from 1683. The world is a different place. Dr. Maggie Hibbins is a different sort of woman than he is used to. She is also a witch that never embraced her powers. They will need all the power they have to battle an old enemy, the black wyvern, Rhukon. Action, romance, magic keep this book moving at a quick pace. It is an excellent read. Teresa Mac

This book was so satisfying that I didn't even notice it was part of a series, but now I will just have to read the rest of the series. It had just the right mix of action, magic, witches, dragons, evil, time travel, a great romance and an epic battle spanning ages!. I couldn't put it down, till it was finished. Did I mention the dragon! Maggie & Lachlan and Kheladin led a cast of unique and interesting characters that were so addicting that I definitely would love to read more about them all. This was a so worth the time invested in reading it. I received a copy of this book in exchange for an honest review.

I adore Maggie and Lachlan!! Awesome story that keeps you wanting more!! I can't wait to read part

two and read about Jonathan too. Great series a must read. Take this awesome journey through time and mystical brings. Dragons, Celtic God's, witches and mages. This starts off where book 0 leaves off on Lachlan and his bondmate Dragon Keheladin is missing only to be found waking up in the year 2012! Not only seeing and experiencing a new era from the 1600's but they also bump in to Lachlan's mate!! Destiny has a way to play out our lives. Go ahead and try this book I promise you won't be disappointed.

ANN GIMPEL has delivered a great storyline with multi layered characters and dramatic, challenging situations. Her wonderful characters both Dragon/ Mage Shifter and Human/ Witch Mate is going to keep you glued to the story as it unfolds. Can't wait to see what happens next in the next addition to this wonderfully written series. ABSOLUTELY RECOMMEND YOU PICK UP AND ENJOY FOR YOUR OWN PERSONAL

ENJOYMENT. *[The following text is a series of repeated, nonsensical characters and symbols, likely a corrupted or placeholder version of a review.]*

Loved the story line and the characters but a little too much with constantly describing throbbing members caged in pants and more.... in almost every conversation!. Not that I am a prude and everyone likes a well described sex scene or even three or four but it was just too over the top. It almost took over the whole story which by the way was really good. I found myself rolling my eyes and saying "not again"! It interrupted a great story that could have been so much more.

I enjoyed the book it was refreshingly different.

Too short, I could have read more and more! I'm really enjoying this series and wish I was home to order the next book!
