Customer Reviews

It's actually a very cute book, but was expecting it to be just a little bigger. It's good as a starting recipe book, but if you want a durable long lasting one, I'd find something else. Mine already isn't folding flat and I've only used 3 pages. The bad thing about the paper in it, is if you use a pen, it WILL bleed through. I had to skip pages on mine because I wouldn't be able to read the recipe if I put it on the back page of one already written. It's fine for my purposes, but choose carefully for what your purposes are.

Love the layout of this book...just what I was looking for to jot down my recipes without a bunch of unnecessary information.

I really liked this recipe book, however I do not like that the inside pages are black and white. The

picture appeared it to be colored.

Exactly what I was looking for! I picked up 2 different prints - one as a bridal shower gift for my soon-to-be SIL, and one for myself to have my grandmother write family recipes in as a keepsake. Nice sized area for writing and alot of pages!

It's a little smaller than I thought but I still love it. I just have bigger handwriting so I have to be conscious of the page size while writing. So cute though!

Just as described

I got this for my mom for mothers' day. It's very cute and she loves it :)

I was so glad to see it was not broke down to cookies, meat etc we were writing old recipies down from great grandparents, great great grandparents and etc. We did this for family members for Christmas gifts..Love them
