Singapore in 3 Days is a book full of information about The so called Lion City, Singapore. If you're like me, love to travel, experience new things & follow the cultural meanings of different countries, i feel like this book might be perfect for you. It provides a lot of information about Singapore, about the currency, tourist attractions, events and basic knowledge of Singapore. Loved the book, it might be the reason why i'm visiting Singapore in a year or so.

Singapore is one of the best places to visit. I even have booked my air ticket to visit Singapore this December. And it is great to find a great book like this. It gives me different ideas where to go in my future vacation. Having a limited budget and time, I need to choose the best places and utilize the resources that I have. This book provides me a pre-tour in Singapore.

Nothing here can't be readily located on google or found on a singapore promotion site. No insights, unique locations or suggestions.

Impressive travel guide! I bought this book for my father who is planning a business trip to Singapore so that he can enjoy some sightseeing in his free time. This book is helpful and detailed guide book and provides great insight into the various parts of Singapore. Worth recommending!
