Synopsis

A comprehensive travel guide dedicated to Germany's Bauhaus architecture, this book takes an in-depth look at over 100 locations that can still be visited today. Established in 1919 in Weimar, the Bauhaus college for design influenced one of the world's most important Modernist movements. Divided into three geographic sections that follow the locations of the school • Weimar (1919–1925), Dessau (1925–1933), and Berlin (1933) • this unique travel guide leads readers through the most important Bauhaus structures in Germany. Each section features important sites that are given historical background. These entries are illustrated with historic and contemporary photography, and are accompanied by up-to-date tourist information. Throughout the book short essays highlight significant events and figures of the Bauhaus movement. This guidebook is an indispensable reference for anyone traveling to Germany's greatest extant Bauhaus structures.
