Don't Cross This Line (The Kurtherian Gambit Book 14)

Synopsis

It's been three years Bethany Anne and her team have been building, trying their best to stay off the radar and not fight with those they are trying to save. The emotions have boiled to the surface. There is a line drawn in the sand, and some idiots just have to step across it. Those that thought the cat didn't have claws are about to find out how very, very wrong they are. **Please note, as mentioned in a review, there is flagrantly foul language in these novels. The main character does not have a problem with cussing, just uninspired cussing. Series includes: ã ã Death Becomes Her - The Kurtherian Gambit 01 ã ã Queen Bitch - The Kurtherian Gambit 02 ã ã Love Lost - The Kurtherian Gambit 03 ã ã Bite This - The Kurtherian Gambit 04 ã ã Never Forsaken - The Kurtherian Gambit 05 Under My Heel - The Kurtherian Gambit 06 Kneel or Die - The Kurtherian Gambit 07 We Will Build - The Kurtherian Gambit 08 It's Hell To Choose - The Kurtherian Gambit 09 Release The Dogs of War - The Kurtherian Gambit 10 Sued For Peace - The Kurtherian Gambit 11 We Have Contact - The Kurtherian Gambit 12 My Ride is a Bitch - The Kurtherian Gambit 13 Don't Cross This Line - The Kurtherian Gambit 14 Never Submit - The Kurtherian Gambit 15 (Jan/Feb 2017) The Dark Messiah (The Second Dark Ages) Book 01 - Michael's Return (12.25.2016) Short Stories Tied in to the Main Series include: You Don't Mess with John's Cousin - Frank Kurns Stories of the Unknown World 01 Bitch's Night Out - Frank Kurns Stories of the Unknown World 02

Customer Reviews

A good read, just not as good as the others. The fighting seems a little easily won, the enemies seem to have little to no intelligence on who they are fighting, and for people fighting to give earth a chance at survival, there is little care for humans left behind. Other than those points the humor, characterization, and fun is on par with the rest of the series. I guess it just seems too pat and is taking too long to get into space warfare. I also don't like how all the politicians are horrible people and because Bethany-Anne and friends hate the politics they seem too ready to just abandon the rest of humanity to these idiots. Still, is good enough to keep up with the rest of the series .

And 14 nails it! I love this series, The writing is superlative. It's fun to watch an author develop over a long series like this. Michael Anderle started out great and has only improved over time. I would happily recommend this series to anyone asking, and do recommend it to my friends and people I see in the book store(yes, I can be THAT guy, when the author's skill is worth the effort).I don't like doing itemized bullet points on a book, I just like to say whether it's worth the time to read or not, this book(and series) is worth every second of time spent on multiple read-throughs.

Fourteen books not counting the short stories and I have enjoyed all of them. This one was just as good as the previous stories. Loved the characters, aliens running amok on our side and bad guys! BA kicks butt yet again with style and a lot of shoes!

Ran across the Rise of Magic series and was intrigued, so decided to purchase all 16 books in the Kurtherian Gambit series. I then spent the next 4 days reading all 16 of them, then moving on to the Second Dark Ages and Trials and Tribulations series. This is a very entertaining and intriguing take on Vampires and Werewolves. I am eagerly awaiting book 17. And while there were warnings about the cussing in the book I found them to be hilarious. As far as military Scifi goes, I would easily rate this up there with some of the other major authors in the genre, such as John Ringo's Possleen War or Through the Looking Glass. Looking forward to enjoying the rest of this series, and the best part Michael Anderle seems to be a fairly prolific author so not a massive wait between books.

Bethany Anne is more focused on the impending move through the gate to Yollin space. But she

tries one last time to reach a peaceful understanding with the nations of Earth. Her reward is to be attacked on Earth and in space simultaneously. Terrorists and alien technology both fail miserably. Her response is to attack the base that has been secretly housing aliens. Their experiments and aliens are no match for the combined human and Yollin forces. The Yollins have been serving Bethany Anne as indentured servants. But their service has lead them to a better understanding of the modified humans and their charismatic leader. NOW, they want to change the arrangement!

This entire series is like eating a bag of potato chips. You know it's not really good for you but you can't stop until you finish the whole bag. This has been a mindless romp in the world of kick ass and do it my way because i am the biggest SOB in the valley of death. Earth seems to have been central station for multiple aliens whose influence is only discovered recently. So if you want some mindless fun reads read the series in order. In this book the Queen Bitch has had enough and wants to kick some butt

Michael Anderle I don't know if you read your reviews. If so may I say thank you. Im 60 now and have read thousands of books. And so many of those books were Sci. Fi. H.G. Wells, Bradbury, and Heinlein were my first followed by so many greats. I have been with since the beginning in the 90s and enjoy reading first time unfamous authors. Few years back stumbled on Hugh Howes first (Wool) before he became famous. And now you. You hooked me in those first chapters of Death Becomes Her. Yes there were spelling errors and some english usage issues but I can read beyond that. And read I did devouring all your Queen Bitch books and waiting for the next. (just so you know I paid for them all) Such fun to read. And characters that you care for. Sometimes a REALLY whole bunch of characters. Love the military hardware, ships, and cursing. And of course a heroine in the name of Bethany Anne written by a male author that's done a pretty fine job. So peeps of hard and soft Sci. Fi. you really will enjoy this series. Try it you'll like it. The job I have is incredibly stressful as I take care of sick children. My escape into books this well done is like a refuge from a reality I have no control over. And I so wish I could join BA on her voyage with Ashur, ADAM and Tom.

Yes, I just can't get enough of Michaels books/universe. The following is just a suggestion for sometime in the future of the storyline. I would like to see a female character who is tall (five ten or over), wears size eleven shoes, and can't find any she likes in her size. Just because that has always been the bane of my existence. Although I can respect and admire all the short beautiful

strong women with tiny feet in these stories, it is just difficult to identify with them. Imagine finally finding beautiful shoes with four inch heels that make your legs look beautiful and actually fit, wearing them to an event just to tower over everyone else in the room, including your romantic interest. What a mood killer!
