## Customer Reviews

Several good ideas, and a road map to many destinations for song ideas. Not a lot of content in this

"how to" book, as the 365 ideas are in very large print, with little elaboration. Many of the ideas are directives for listening to songs or trying creative exercises that you may or may not be inspired by. If you have a pretty good imagination, this book will help you get there. But I would suggest fortifying it with the book sold on entitled 'How To Write Songs On Your Keyboard' (or guitar). Because the credo this book and others promote is that of coming up with a catchy melody first, then coming up with lyrics that seem to fit. When you think about it, how can anybody write a comprehensive book on songwriting? You can't. Whether a pro or a beginner, your success is likely to be found in discovering your mode...your muse. And in that regard, this book is a good starting point.

Amazing book! Robin has done it again. I've been reading Robin's books for a few years now. 'Shortcuts to Hit Songwriting' was an incredible resource that changed the way I approach my songwriting process. 2 studio albums later I'm coming back for more of her wisdom. 'Song Starters' is easy to read and super effective. It will help anyone overcome one of the most difficult parts in the songwriting process: getting started with an idea. Highly recommended, as well as all her other books.

Practical and efficient methods to get you out of your songwriting rut. I learned different ways to get inspiration to write songs that I never would have thought of before...hundreds of tips that start the creative juices flowing...lyrically, melodically, and harmonically. Highly recommended.

Just what you would expect - some useful tips to get your creative juices flowing and you can dip in and flick to any page and it'll most probably spark some original thought towards a song. It's just up to you to make a decent song from the idea...

My daughter seemed to get a lot of out it after five years of piano lessons and a budding interest in song writing.

Excellent!!

Fast and ok!

Robyn is an amazing songwriting mentor. Highly recommended.
