Love all of Kerry MacLean books. Read them to my toddler as well as my kids yoga classes. They're actually a great reminder for adults as well!

My 2 yr old absolutely loves this book. It's great! The pictures are nice and it's easy to follow.

I bought this so my great-granddaughter and I could do some easy yoga poses together. It's fine for a young child. We had fun both reading the book and trying the poses. I left the book with my g-granddaughter in Utah (I live in NY state) and I'm not sure if she does any of the yoga on her own.

Easy yoga poses and a kid-friendly introduction to using yoga as an appropriate coping/calming skill. Very excited about this!

marvellous story book to initiate kids to meditate!

A book for the younger grandchildren who like to do yoga with their big brother.

Kids in my classroom love this book and use it daily in their free time to practice yoga poses!

I work as a mental health counselor and yoga instructor and this book has been wonderful in teaching children yoga skills.
