Essential Words For The TOEFL

Synopsis

This vocabulary building program is specifically designed for ESL students preparing to take the TOEFL. The book presents an organized list of vocabulary words with definitions, sample sentences, and practice exercises for 500 need-to-know words. It also provides detailed advice on ways in which students can expand their English language vocabulary. Students can test their mastery of TOEFL vocabulary by taking the included practice test with answer key, which is designed to help students evaluate their progress, and increase confidence in their vocabulary skills

Customer Reviews

This book provides a decent starting point for those whose vocabulary repertoires are not advanced. I compared the vocabulary in this book with those in other similarly rated TOEFL books/box sets and found that 90% of the words in this did not appear in others. The words in this book were considerably easier, and only a few upper level vocabulary words coincided with those in other materials. Just as examples, words or phrases such as "atypical," "preclude," "with regard to," were not explained here (and only half the time in other books), but appeared on the exam. That

said, this book is still useful for those whose vocabulary are limited. If you don't know the words in this book, this is a good starting point. They commonly show up in daily life. As for the format, after a relatively long intro to the exam, book, and how to study, the lessons begin (totaling 30 lessons) with approximately 17 words each lesson. They are short and provide some exercises after.

okay product

Purchased this with two additional TOEFL books that I have not had the chance to use yet. If the other two are nearly as good, I will not be disappointed. The "Essential words for the TOEFL" has improved my English proficiency and expanded my ability to refine my previously boring sentences. Practice test are located at the end of each lesson and are not easy. However, the tests will ensure you have mastered the chapters words. My husband, a native speaker thinks the book is worthwhile for everyday word improvement as well as test preparation. Proficiency, Refine and Worthwhile are all words from the book used in my review. I have a ways to go learning English, this book seems to be helping. Grammar on the other hand, is driving me nuts.
