White Privilege

Synopsis

Vital, eye-opening, and powerful, this unique anthology expertly presents the significance and complexity of whiteness today and illuminates the nature of privilege and power in our society. *White Privilege* leads students through the ubiquity and corresponding invisibility of whiteness; the historical development of whiteness and its role in race relations over time; the real everyday effects of privilege and its opposite, oppression; and finally, how our system of privilege can be changed. The thoroughly updated fifth edition explores: color-blind racism, virtual probation, socioeconomic privilege versus racial privilege, racial profiling, how immigration and questions of citizenship are historically tied to understandings of race, the racial positioning of groups that are neither white nor black, the commonalities and diverse experiences of people of color, "flying while brown," the politics of respectability in the age of Obama, and more.

Customer Reviews

Paula S. Rothenberg is a Senior Fellow at The Murphy Institute, City University of New York and Professor Emerita at William Patterson University of New Jersey. From 1989 to 2006 she served as Director of The New Jersey Project on Inclusive Scholarship, Curriculum, and Teaching. She is the author of several books including the autobiographical *Invisible Privilege: A Memoir about Race, Class, and Gender*. With Worth Publishers she has authored four titles--the best-selling *Race, Class, and Gender*; *White Privilege*; *Beyond Borders*; and her newest title *What's the Problem?* She is also co-editor of a number of anthologies including *Creating and Inclusive College Curriculum: A*

Teaching Sourcebook from the New Jersey Project and Feminist Frameworks Alternative Theoretical Accounts of the Relations between Women and Men, one of the first women's studies texts. Her articles and essays appear in journals and anthologies across the disciplines and have been widely reprinted. Her work was instrumental in the creation of women's studies and multicultural studies as academic disciplines. "

For class

this book is almost new and I like it.

Read this for a class. Very hard book to read but contains the truth not everyone wants to talk about.

Good book . Let's face it this is a hard topic for people to discuss but the Author does not flinch.

Reading this for pleasure after being recommended this book from a friend who took it for class. This book is definitely brain food and challenges you to alter your perspectives.

Not a classic novel, but a good introduction to white privilege for those who are unfamiliar with the concept and the implications.

Greata book, good condition, clean, and delivered within the 2 days Prime offers.

This book helped open my mind to white privilege and racism from a systemic and structural view point that I had not thought of before. I really enjoyed the essays and the readings helped me think of things in a different frame of mind than before.
