Great condition.

It was fine. I was going to use it to tutor with it, but it was the wrong edition.

Perfect condition. Fair price point.

I teach World History using this textbook and believe it to be the best survey version to use. My students enjoy its clear organization and color coding of terms, people, places and main ideas. The focus questions for each chapter and section are excellent resources for short answer responses and discussion. All history books have some bias and issues, but my department selected this one over many others as the best source to teach thousand of years of history in a school year.

school

This is the textbook being used in school that states as fact that Jesus claimed Muhammad was the Prophet and that the people of Medina were happy by the Muslim take over (tell that to the thousands of Jews and other non believers that died for refusing to convert).
