Customer Reviews

Jane Shuter is a Heinemann Raintree author. --This text refers to an out of print or unavailable edition of this title.

Great for sixth grade students - details not readily available in most textbooks without being too dense and wordy.

I wanted to have a historical background of the current Middle East. LVB

fine

The product was packaged well, wasn't exactly what I wanted, received what I ordered and it was delivered on time as tracking information stated...Not very informative.

I use this book with my 6th grade gifted class. The information supplements our classroom lessons very well. The visuals in this book are clear and beautiful. I highly recommend it.
