I purchased this not realizing it was out of date. That is why I gave it 3 stars. The Texas Psychology Association offers the updated version for \$47. When studying the law I want to most current edition

so I ordered the updated one.

Excellent book detailing ethics codes and relevant state and Federal Law. Two case histories given which are extremely relevant.

Excellent source of the ethics and law as it applies to mental health professionals. A source book that must be reviewed every so often.

Was very pleased with the condition of the text book. The condition exceeded the description of the book.

It was very helpful!

Very helpful, a great resource!!!

Great!!!

As noted this is NOT the latest edition. HOWEVER the new 2016 so you need to know that. I am trying to find out if an addendum to the 2016 version is to be made available or a new edition. I therefore did not want to rate it, but IT IS severely out of date. Otherwise the latest version of this book may be the only one of it's kind.
