Purchased this darling book for our soon to be 3 year old granddaughter’s birthday. She is fascinated with airplanes, airports, etc. This book is a wonderful introduction biography for this young age group and the ending was handled beautifully! The illustrations are also well done.

This book series is perfect for little girls! It teaches while providing a storyline that’s easy to follow.

My granddaughter and her mother loved it.

Lovely book. If I had a daughter I would have the full series. Gave this as gift to friends daughter

This is a cute book. Illustrations are nice and they handle Amelia’s disappearance well at the end.

Not my favorite out of the set. The illustrations are a bit dark and lackluster. The storyline isn’t as captivating as Coco, Frida, or Maya.

Such an adorable book. Bought it for a baby shower, baby will be named Amelia. The book is cute colors and bright pictures, the story was easy to read yet very positive! I want to keep buying all the other books as the baby hits holidays and birthdays!

love this gorgeous series and that my 4 year old now wants to be Amelia.
