Customer Reviews

This is a really cute little book. So many people are reading and selling ebooks that it is sometimes difficult to other books on line. I bought one of these for my niece and one for my grand daughter. They absolutely loved it. One thing my grandma used to do was to right a little note on the front inside cover along with the date. I still have many of them today and they are so precious. I would recommend this book to other readers that have a special little girl in their life.This book has hard laminate on the front and back so it is easy to wipe down with a dampened cloth. It has great pictures and it is an easy read. Perfect for a bed time story. I thought that the price was good for the quality of the book.If you found this review helpful, please click the yes button below. Thanks :-)

I bought this book to go with a princess puzzle for a birthday present and was so disappointed! I thought this was going to be a cute book about being a princess but instead it was more "anti princess".. with the message of you can't have fun and play if you are a princess. At least that's how I thought it came across.

Very nice story for a girl.

It was a pretty book but didn't like the message at the end. Why can't the little girl be a princess and play in the mud?

Took about 30 seconds to read. I was very disappointed considering this had mostly positive reviews.

Granddaughter always loves to have a book read to her and her 3rd Birthday and it was a princess party!!

Really short book. I felt like the description on the back was longer than the entire book! Took us about 30 seconds to read it if that. It was cute but way too short and simple. I wouldn't buy this again.

The pages are thick and great for a young child the story is simple and fun! Adorable to give as an extra add on gift.
