Customer Reviews

My son was very excited about this sticker book but ours must be missing a page because we have a ton of leftover stickers that have no place in the book making my 3 year old a bit upset. We bought this to entertain on the airplane and in the airport.

Stickers are not reusable and you can stick them only once. And some stickers and pictures don't match.

My toddler loves this book. It's full of so many different construction stickers. For the price, it's a great deal. If you have a child that loves construction vehicles they will love book.

My son loves this! The book is really high quality, which was unexpected. He loves anything to do with stickers but he loves that this has "cars" in them lol

I love these sticker books...I've purchased for all of my grandchildren. Purchased two for a visit to our youngest.....very embarrassing.....the stickers would not stick to the page...they would fall off.He gave up using them and I understand why. Were they old?????

One of grandson's favorite sticker book. He loves working machines.s
