Customer Reviews

This book is really useful & well written both. I found it two weeks ago and grabbed it for the purpose of learning about how to get pass over the Real Estate Exam. Inside of this book the author has described about how easily we can dominate the fear of this exam and pass right away. Here I found some proven methods, helpful lessons & guides, tips and many more things. This book showed me about what exactly I should know about that exam and tips for passing. I am really glad

to get this book and by reading it I am super pleased.

Total rip off, small thin book of less than 30 triple spaced pages, that include invaluable gems like "After registering for the exam, check what time it will start". If you cut out the worthless info and made it single space it would be maybe 5 pages of content, but after seeing that I was tricked, I wouldn't trust anything it says anyway.

This book should have been priced at 2\$! Total waste of money is Just a handout that has been formatted to a book! I think the author should be ashamed of himself! Maybe you can call it a booklet.

Hi This is a nice book for anyone who is interested in taking the Florida Real Estate Exam. Real estate is a good career but it requires passing the state exam and for anyone who is interested in clearing the Florida State exam this book is a good go to guide. It covers succinctly the main questions which will appear on the exam and the 7 day lay out is a good tactical approach to taking the exam. The book could be a bit longer, but then again I think the aim of the book is to give a quick run through the main points, so that the candidate will know how to answer the questions clearly rather than getting lost in the detail!

Don't waste your time. Nothing in this book is going to help you pass the exam.

The book is a lot thinner (even with its large font and double-spaced lines) than I thought it would be. This book was printed off of the internet and put into a paperback cover. I would have rather payed a smaller price for the PDF, downloaded and printed it myself at home (not sure if this was an option, if so, I would have much rather done that). Good information and helpful sample test questions though.

What can I say, this kindle book was very thorough and holds up to it's Title. I am happy that it didn't have all this useless information in it, just straight to the point and sometimes going deeper into topics that need emphasizing as you will see. It's one of those times that I appreciate a shorter book because it just told me everything I needed to know right away, which is important to me. I don't like to waste my time, so thanks for this book!

Did not get much on Florida real estate laws or brokerage which would have been expected.

Sample questions helpful. Ok I guess for \$2.99.
