We actually met this author, Maria Dismondy at a school "reading" function. WOW! Phenomenal speaker, motivator for kids. We loved her. She is the type of person you want in your circle of friends!! Loved the book for my kids and students alike!

Great book! My toddler is 2.5 and although she may not understand the whole thing, she enjoys it.

very long book, and really not even silly. my son lost interest right away.

Our four years old love it. We read every day before bed time. Very nicely written. Every parents should have this book.

Good children book. My 7 year old loved it. Simple and easy to follow story line that she understood almost without further explanations

Great story! Graphics are colorful and lively! I use it with my elementary students!

A fun story about a little girl coming to say what she likes despite its being unusual.
