Maine [Tubed] (National Geographic Reference Map)

Synopsis

Expertly rendered on National Geographic's wall map of Maine is the picturesque forested topography of the Pine Tree State. The entire state is visualized with vibrant colors and stunning shaded relief, depicting mountains, forests and waterways, from its border with New Hampshire in the west, along the Canadian border to the north and its back down its rugged eastern Atlantic Ocean coastline. The precise location of hundreds of places are pinpointed on the map, including cities and towns, national and state parks, lakes and bays, historic sites, ski resorts, mountain peaks and other points of interest. In addition, major infrastructure networks, including roads, highways, airports and ferry routes are clearly labeled. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:524,329 Sheet Size = 30.25" x 40.5"

Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.

The tube that it came in got crushed a little during shipping, so the map has a couple bends in it.

Besides that, it's exactly what I wanted.

Came undamaged

Great map for my son's wall at college. Just what we wanted.

I love this poster! It's huge!

Just as expected.

Well worth the price. On time shipping.

Beautiful Map.

I love this map. It was worth it, and so cheap. we look at it all the time. Thank you
