Synopsis

The Invention Of Wings: An Incredible Summary! The Invention of Wings is a book written by Sue Monk Kidd. The novel itself is about a girl named Hetty (nicknamed "Handful") and her troubled life as a slave in the early nineteenth century in Charleston, where Hetty is desperately wanting and waiting for a better life than the one she lives now. Kidd's novel begins on the eleventh birthday of Sarah Grimke. She received her gift, and as her gift, she got Hetty, a ten-year-old girl, who was intended to be her handmaid. We follow the life of Hetty through the course of thirty five years, as she struggled for freedom and destiny, which was very often filled with estrangement, guilt and sorrow. Perhaps, the best thing about this novel is that the author referred to a real, historical person of Sarah Grimke, and did a fine job in combining events of Sarah's real life and fictional events, which were written in order to make everything even more interesting. The Invention of Wings is a very exquisitely written novel, a novel where storytelling is everything. Because in this book, we read not just about the lives of two girls (women later), but we also read about the darkness in American history, and the female struggle for freedom and liberation, which will leave no reader unmoved. Here Is A Preview Of What You Will Get: In The Invention Of Wings , you will get a detailed summary of the novel In The Invention Of Wings , you will find some analysis to strengthen your knowledge about the book In The Invention Of Wings , you will get some fun multiple choice quizzes, along with answers to help you learn about the novel. Customer Reviews

Really good read! Historical fiction at its best. The story is based on some real characters and some fictional. Story of a family of slave owners in Charleston SC and how the issue of slavery divides a family and the early beginnings of the woman's suffrage movement. The author really did her research for this book.

When I ordered this book I believed it was the novel itself. I found it summarized the novel well but had several examples of poor grammar and one incorrect fact in the quiz answers. I prefer to draw my own conclusions rather than read Mr. Cooper's.

When I got to the end of the book, I wished there would have been more. More about the two sisters, more about the other characters and what happened to them in their later years. Hope this book is made into a movie, with Queen Latifa as the black mother.

Book gave me the highlights, but there were a lot of grammatical errors.

The book is amazing this is my first time review of all my order from I give it 5 star's and more. The author of this book is amazing can't put the book down

Should be read by all.

I listened to the audio and very much enjoyed the accents w/ the story.

A wonderful book weaving history into a description of the times. Historical fiction at its best.
