Customer Reviews

I love it, have some disappointments with what it cannot do.

Outstanding. Miraculous technology

stopped responding all of a sudden never move it or anything

the best

Adorable. An obvious repeat of anything you can already read within the the app that runs the Echo Dot. Browsed in less than 5 minutes with no new knowledge gained.

works great ... have Alexa since she first came out ... got this for Christmas and have it set up in the kitchen ... it is great not having to carry alexa around the house now

Horrible, English as second language mash-up of the obvious and the unnecessary and the useless. Obvious print-on-demand cheap printing. Do not buy'

Well written...mostly a set-up instructional manual...a good read...would have liked to have seen more skills/commands listed...good for new users
