Customer Reviews

Face it guys, if you're being nice or if you're nice in general, most of you (us, I consider myself to be a nice guy as well - at least for now) will get hurt and end up envying those who are, basically,

acting like pricks, but attracting a lot of top-notch women. It hurts, I've been in that situation many times, and I must say that I found this to be more than just helpful - it could turn out to be a life-changer for me. The author teaches you how to behave in certain situations and occasions in order to attract the attention of all those women you used to consider untouchable, above your league. Once your confidence grows a bit and you notice that implementing some methods from this book is actually paying off, you'll become a playboy yourself in no time. Take this trip, learn a thing or 2 from the author and you won't regret it.

Great read.

Quick, fun and too the point. this is all you really need, i read it whenever i need a kick in my ass to put things in persepective about life, woman and business.

This is the basic bitch of books.

good job

Very helpful book with great guidelines and important tips. In a sea of mixed and confusing advice out there is good to find a book like this one, where everything is explained in a easy manner to understand so a nice typical guy can go outside and practice the teachings of this book in a way that women find attractive. Well done to the author. Recommend.
