Just what I needed for my classroom!

I ordered a series of books on central and south American cultures for my 7th graders to use as quick references on a Latin American Cultures Historical Fiction project. This one was flipped through, but not read, I thought it was a pretty good quick reference book, but the students didn't like it as much as the others I had ordered.

Great book! We use this as supplements to our continent boxes. They are full of information, I learn

too!

Wish all countries were given same coverage.

Using this book series in my Montessori Classroom.
