# 111 Shops In Milan That You Must Not Miss: Unique Finds And Local Treasures

## Synopsis

Milan is one of the fastest moving and fashion forward cities in the world. Here, trend is everything and only the present and future seem to count. What's hip in Milan influences boardrooms, runways, and commerce all over the world. But you needn't shop like a Hilton girl to find extraordinary and unexpected treasures in this urban hive of high style. Secreted away are many special, intriguing, and ultra-cool shops that even most Milan hipsters have never heard of. This guide will lead you right to their doorsteps, and remind you what makes this ancient city so thrillingly modern. Far from the mainstream Via Montenapoleone, discover the historical neighborhood of Isola, brimming with contemporary designers, artists, and artisans. Or visit the traditional farmer's markets near Porta Garibaldi, purchase a newly crafted harpsichord that's an exact replica of a 1600s original, and shop for botanicals in an urban Garden of Eden. Experience the true spirit of Milan, a city of endless contrasts and creativity - and host of Expo 2015.

## Customer Reviews

Aylie Lonmon grew up trilingual in Italy with a German mother and a British father. She lived, studied, and worked as a teacher, translator, and author of travel guides in Milan for a dozen years. Today she lives with her Italian husband in the countryside north of Milan. She is regularly drawn to the metropolis, however, where again and again she happily explores the ever-changing city.

Very average, one could find info in any hotel booklet
