Quick Reference For The Civil Engineering PE Exam, 9th Ed

Synopsis

Quick Reference for the Civil Engineering PE Exam consolidates the most valuable and commonly used equations, figures, and tables from the Civil Engineering Reference Manual. Maximize your problem-solving efficiency and save time during the exam by having the most useful equations and data at your fingertips. This book's extensive index quickly directs you to desired equations, figures, and tables. Find what you need without wading through paragraphs of descriptive text or solved problems. The Quick Reference is organized according to the companion Reference Manual—the two share chapter and section numbers—so you can easily access related supplemental material.

Book Information

Paperback: 152 pages

Publisher: Professional Publications, Inc.; Ninth edition (December 21, 2015)

Language: English

ISBN-10: 1591265118

ISBN-13: 978-1591265115

Product Dimensions: 8.5 x 0.3 x 11 inches

Shipping Weight: 12.6 ounces (View shipping rates and policies)

Average Customer Review: 1.5 out of 5 stars 2 customer reviews

Best Sellers Rank: #400,559 in Books (See Top 100 in Books) #28 in Books > Engineering & Transportation > Engineering > Civil & Environmental > Bridges #35 in Books > Engineering & Transportation > Engineering > Civil & Environmental > Highway & Traffic #41 in Books > Engineering & Transportation > Engineering > Civil & Environmental > Earthwork Design

Customer Reviews

Michael R. Lindeburg, PE, is one of the best-known authors of engineering textbooks and references. His books and courses have influenced millions of engineers around the world. Since 1975, he has authored more than 35 engineering reference and exam preparation books. He has spent thousands of hours teaching engineering to students and practicing engineers. He holds bachelor of science and master of science degrees in industrial engineering from Stanford University.

It didn't really help me in the PE exam I just took. I found myself relying mostly on the big reference manual.

Got this as a part of my PPI package but did not use this through my review. Imagine they literally cut and paste formulas from the reference manual without any explanations. Term definitions and units would have helped! Don't buy this. Spend the money on post-it notes to tab other references that you have.
