Nora Roberts - Bride Series: Books 1-4: Vision In White, Bed Of Roses, Savor The Moment, Happy Ever After (Bride (Nora Roberts) Series)

Synopsis

Four childhood friends have teamed up to form Vows, one of Connecticut's premier wedding planning companies. Parker, Emma, Laurel, and Mac have become experts at making every bride's dreams come true. But when they're faced with the whims of their own hearts, things never go as planned.

Vision in White With bridal magazine covers to her credit, Mackensie Mac Elliot is ready to capture the happy moments she never experienced while growing up. Her father replaced his first family with a second, and now her mother, moving on to yet another man, begs Mac for attention and money. Mac's foundation is jostled again when she bumps into the bride-to-be's brother in an encounter that has them both seeing stars.

Bed of Roses Since she was a little girl, Emma Grant has always loved romance. So it's really no surprise that she has found her calling as a wedding florist. And on the surface, Emma's love life seems to be thriving. Though men swarm around her, she still hasn't found Mr. Right. Jack Cooke's been best friends with Parker's brother for years, which makes him practically family. But the architect has begun to admit to himself that his feelings for Emma have developed into much more than friendship.

Savor the Moment Laurel McBane believes in romance—in theory. But she's too low-key to appreciate all the luxuries that other women seem to long for. What she does appreciate is a strong, intelligent man, a man just like Parker's older brother, Delaney Brown, on whom Laurel has had a mega crush since childhood. When Laurel's quick-silver moods get the better of her—leading to a mind-blowing kiss with Del—she'll have to quiet the doubts in her mind to turn a moment of passion into forever.

Happy Ever After No man has rattled Parker Brown in a long time, but the motorcycle-riding, raven-haired mechanic Malcolm Kavanaugh seems to have a knack for it. His passionate kisses always catch her off guard, much like her growing feelings for him. Parker's business risks have always paid off, but now she'll have to take the chance of a lifetime with her heart.

Nora Roberts is the number-one New York Times-bestselling author of more than 190 novels, including *The Search*, *Black Hills*, *Tribute*, *High Noon*, and many more. She is also the author of the bestselling futuristic suspense series written under the pen name J.D. Robb. Roberts has more than 400 million copies of her books in print.

I absolutely love this series! The concept behind the books is amazing! I love these four friends and their love interests. I find reading these books is like watching a favorite movie over and over - I continue to go back to them! Nora Roberts has created a quartet of friends that you want to know and be friends with. Though the stories are predictable they are lovely and draw you in from the beginning, holding you until the end. They are each different, but compliment one another beautifully! And the men - well, they are all swoon worthy in their own ways, but what makes them so lovable is their dedication not only to the women they are in love with, but the women they love!

This is such a great book, that I look forward to going back and reading these stories again like some that I already have, and I am impatient to read the rest of Nora Roberts' stories right now. Hot, Hot, Hot, love scenes, a well written, creative and intriguing story about family plus inventive, vivid characters, all on top of seriously wonderful love and romance. Each story is about one key person, usual in a family, or close group of friends, they are linked through intricate, messy links and it's almost like a movie you get the privilege of witnessing about these people's powerful, emotional, and often times painful journey towards falling in love. Roberts is one of my most favorite author's, and she doesn't disappoint in this series. Her unique style and classy, yet moving love scenes, paint a beautiful picture that leaves a person longing for something similar for themselves. All of that is combined into this fantastic series and make this book a "must-have"!!!! I didn't want to set it down....seriously!! Lol I was nodding off over my book on several different occasions. Worth the

price and more to have a Nora Roberts book in your library collection!!!!!!

I loved all 4 of these books. I have read them more than once. I think the off color humor is great and I feel invested in the characters. These are basically romance books with predicted endings but still enjoyable. I love Nora Roberts romance books overall and have read several of her series.

I have just finished these four wonderful books the only thing that could make them better would be having the other weddings

I stumbled across this box set by accident. I read about Bed of Roses and it being the second books so looked further for the rest of the series. Once I had purchased and it had arrived it took me 3 days to read all 4 books. The books are probably the best books I have read in a really long time. I loved the stories, the characters and didn't want it to end. I wish Nora Roberts would write a follow up book for the girls or that we would see a movie made from the books.

What an amazing awesome read. I loved every page of it. It made me laugh and cry, and kept me turning the pages. As with all of her books I fell in love with the characters

This is one of Nora Roberts' older sets, but it's very good. Books were in very good condition!

Amazing books---desperately needs another to finish out the remaining details!! Nora outdid herself with this story of four friends finding love and happily ever after!
