Preaching God's Word: A Hands-On Approach To Preparing, Developing, And Delivering The Sermon

Synopsis

People in churches today are hungry for a word from God. Preachers need to prepare and deliver sound biblical sermons that connect with their audience in a meaningful way. Whether you are a student new to preaching or a veteran looking to brush up your preaching skills, here is a valuable resource. Good preaching begins with good exegesis. *Preaching God's Word* walks you through the steps of the "Interpretive Journey" from the biblical text to contemporary application: Grasp the text in "Their Town" (what it meant to the original audience). Measure the width of the river that separates the biblical context from today. Cross the "Principalizing Bridge" by identifying the timeless theological principles. Grasp the text in "Our Town." While the science of solid biblical interpretation is essential to effective preaching, it must be married to the art of contemporary communication in order to bring the message home. *Preaching God's Word* also shows you how to understand your audience, develop powerful applications, use illustrations well, and deliver the sermon effectively. The concluding chapters discuss the unique preaching challenges presented by the various biblical genres, providing interpretive keys, things to avoid, and numerous examples. "Carter, Duvall, and Hays have given us a basic and worthy manual of how-to's for preaching. Now since Haddon Robinson's classic text has a book taken such a practical and understandable, step-by-step approach to the sermon." -Calvin Miller, Professor of Divinity, Beeson Divinity School "In a day when the church-world is lulled into complacency by sermons that are little more than entertaining homilies on good values and fix-it paradigms, here is a guide to proclamation the way it was meant to be biblical, understandable, and transforming." -Joseph M. Stowell, Teaching Pastor, Harvest Bible Church; Former President, Moody Bible Institute.

Terry G. Carter (PhD, Southwestern Baptist Theological Seminary) is chair of the department of Christian ministries and holder of the W.O. Vaught Chair in the Pruet School of Christian Studies at Ouachita Baptist University. He teaches homiletics, pastoral ministry, Christian history, evangelism and church growth, missions, and survey of the Bible. He is author of *The Journal and Selected Letters of William Carey*. J. Scott Duvall (PhD. Southwestern Baptist Theological Seminary) is professor of New Testament at Ouachita Baptist University. He is the coauthor with George H.

Guthrie of Biblical Greek Exegesis: A Graded Approach to Learning Intermediate and Advanced Greek and with Terry G. Carter and J. Daniel Hays of the textbook Preaching God's Word: A Hands on Approach to Preparing, Developing and Delivering the Sermon. J. Daniel Hays (ThM, Dallas Theological Seminary; PhD, Southwestern Baptist Theological Seminary) is dean of the Pruet School of Christian Studies and professor of Old Testament at Ouachita Baptist University. He is the author of From Every People and Nation, and he has coauthored Grasping God's Word; Preaching God's Word; Journey into God's Word; The Story of Israel: A Biblical Theology; Iraq: Babylon of the End Times?; Apocalypse; and The Dictionary of Biblical Prophecy. He teaches adult Sunday school at his local church in Arkadelphia, Arkansas, and preaches frequently throughout the nation.

I am currently using this book for my preaching class at my local Bible University. If you think of becoming a preacher, this book is for you. But not only preachers, anyone can own this book. If you want to know how your Pastor exegetes his or her passages, you can learn how to do it also. For yourself you can benefit on how to read with the right set of eyes into Scripture with the right context, which is very important. Context, context, and context is very important when interpreting God's Word. I recommend you do your own Study and not just depend on a Sunday's message.

Very helpful detailed steps to critically examine and conduct an accurate exegesis. For the beginner exegete, being able to write the text thesis for a passage, for example, followed by a text outline, and the sermon/teaching thesis and its outline principles for today is of great value for the individual, professional, and all that seek to know better what God has revealed.

Excellent resource for the student or longtime pastor (I'm a new pastor). It's a simple, yet thorough book covering all grounds for preaching, sermon research, and approach to the audience. Great examples are included in this book for a sermon outline on each genre of the Bible. Should be paired with Grasping God's Word (another of the books in this series). I truly enjoy this book. Derek

This book is an easy read with lots of practical examples. Based on the Interpretive Journey bible study method from the book Grasping God's Word by some of the same authors. Great for both preachers and teachers. Putting this method into practice has definitely improved both my study skills and the sermons God inspires me to deliver.

I have this book and Duvall's Grasping God's Word. Both of the books have helped me tremendously. While I learned how to apply proper hermeneutics with Duvall's method, I used Carter's book for preaching my first sermon and could not have possibly written or preached that sermon without both books. I recommend both for anyone who wishes to be serious about ministry.

I had to read this book for a preaching class (the book was better than the class). This book is helpful for those who have little experience at preaching. The one problem is that this book assumes that there is only one way to preach and your illustration (which according to the book are necessary, all 3) have to be in a specific spot.

This is a great book everything that it was said to be

Great book for the beginning or the seasoned preacher. Breaks down the preaching process into easy steps on how to prepare and how to actually carry out preaching. Gives many pointers, and techniques into the preaching process.
