Air Raid--Pearl Harbor!: The Story Of December 7, 1941

Synopsis

On December 7, 1941, Americans were stunned to learn that Japanese forces had launched an attack on Pearl Harbor. In this engrossing and extensively researched account, Theodore Taylor examines both sides of the battle, taking a close look at the events leading up to it and providing compelling insight into the motives and operations of the brave men and women swept up in the fight.

Customer Reviews

Grade 5-8-- An old standard of the World War II genre makes a new appearance with a slight face-lift. Taylor has revised his account of the attack on Pearl Harbor by basically rewriting the first chapter and changing the entire volume from the present tense to a much easier-to-read past tense. Now in paperback, the typeset is a little smaller. The charcoal illustrations of the earlier edition (HarperCollins, 1971; o.p.) have been replaced by three black-and-white maps. The text gives an in-depth look at the conditions of the time, allowing readers to better understand why this event took place. A listing of the key figures and an author's note are appended. Libraries that do not have the original title should give definite consideration to this one. --Eldon Younce, Harper Elem . School, KS

“Taylor has presented a vividly credible account....He recognizes no national barriers to truth.”
•The New York Times

My then nine year-old grandson who enjoys aviation and World War II especially liked both the content, length, and the graphics

great book

This was one of my favorites growing up and I got it for my WWII buff nephew.

Everything was good, as advertised.

good

Not good . Verry boring if you are buying it, it is probably just because of your history teacher, it's bad

Wow this book was amazingly frightful and a great attention taker. After reading this book I have tragic this day was for the US Army and that only two years before the US was in the Great Depression. I remember reading "the Cay" by Theodore Tylor and I loved that book and then I wanted to read more by Theodore Taylor. If I could talk to him I would tell him that he was an amazing writer and that I love to read his books. I would strongly recommend "Air Raid Pearl Harbor!" to anyone who likes to learn about World War Two.

My book, Air raid Pearl Harbor, was a mixture of good and bad parts. First I found out that the war was unexpected to the Americans. On December 7th the Japanese attacked our air base on Oahu. They sank many of our ships and airplanes. I felt that the beginning of the book was not very exciting because the author made the book too complicated and difficult to understand. The action got a lot better and got more exciting. The Americans entered the war and ships were sinking and planes were being blown up. I would recommend this book to someone who is interested in complicated books.
