Eileen Christelow has created numerous fun and funny picture books, including the Five Little Monkeys series, Author, and most recently, Letters from a Desperate Dog. She and her husband, Ahren, live in Vermont. For more information visit www.christelow.com, which includes an autobiography, "monkeys in the classroom" activities, and much more!

My child has loved these stories from the first time reading them. It was a little too loved and fell to pieces with overuse so had to be replaced recently

A great collection, with the 5 best stories! Great to have them in one volume. If you haven't read

these to your kid, you're missing out!

This is really a darling book! Using the characters from the beloved "five little monkeys songs/fingerplays," the author illustrates the two songs [Jumping on the Bed and Sitting in a tree], but then goes on to create more stories for them. She uses unexpected humor when after all the kids are chastised for jumping on the bed, Mama Monkey goes to her bedroom...and jumps on her bed too. Spoiler alert for "Five Little Monkeys Sitting in a Tree": the monkeys do not get eaten by Mr. Crocodile. :-) Whew! Thank goodness for sequels. Additional stories in the treasury are: "Five Little Monkeys with Nothing to Do," "Five Little Monkeys Bake a Birthday Cake" and "Five Little Monkeys Wash the Car." They are all very creative and fun. Most importantly, kids love them. There is a table of contents, and each story is bordered with a different color on the bottom of the page, so it is easy to find where a new story begins. It also has a short lesson at the end on how to draw a monkey, the words to one of the songs and stickers for kids to have fun with. I purchased it as a used book on , got a great price and an almost perfect copy. The author has written two more stories about the monkeys that are not in the Treasury. They look really cute, as well, "Don't Wake Up Mama" and "Five Little Monkeys Reading in Bed." They are also available at .

Wonderful book with all the Five Little Monkey stories in it. My grandkids love it!

Great book and well made with funny stories.

I purchased this book for my son. I was excited to find a book with several Monkey stories in one place for a good price. We had borrowed the Jumping on the bed and crocodile stories from the library and my son absolutely loved them. I figured all five stories would follow the same rhythmic singsongy writing as those two. I was disappointed to find I was wrong. While my children enjoy those two stories the other three are quite bland and unentertaining to them.

Great books and story but the formatting for the kindle edition is terrible. It is confusing and hard to read with duplicate text and pictures. I will be returning this one. Too bad because I love the books.

Not quite what i was expecting, but still a good read.
