Younger You: Unlock The Hidden Power Of Your Brain To Look And Feel 15 Years Younger

*Unlock the Hidden Power
of Your Brain to Look and
Feel 15 Years Younger*

FOREWORD BY DAVID PERLMUTTER, M.D., FACN
AUTHOR OF THE BETTER BRAIN BOOK

ERIC R. BRAVERMAN, M.D.
AUTHOR OF THE EDGE EFFECT

Synopsis

Break the aging code and feel 15 years younger from the inside out. "Focusing on the critical role of hormones produced by the brain, Dr. Braverman outlines a totally integrative program to restore hormonal balance and thereby restore readers to a younger, healthier, and more vital self, regardless of chronological age."--Nicholas Perricone, M.D., FACN, Bestselling author of 7 Secrets to Beauty, Health, and Longevity, The Perricone Weight-Loss Diet, The Perricone Promise, The Perricone Prescription, and The Wrinkle Cure "Younger You is an interesting and logical approach to preventing, diagnosing, and modifying the aging process."--Isadore Rosenfeld, M.D., Rossi Distinguished Professor of Clinical Medicine, New York Hospital Weil Cornell Medical Center, and author of Live Now, Age Later, Power to the Patient, and Doctor, What Should I Eat? "Just as Dr. Braverman says, we are only as young as our oldest part. This book is not just for us, but for our children, who can make changes to their diet and lifestyle now and reap the rewards later." --David Perlmutter, M.D., FACN, Director, Perlmutter Health Center and author of The Better Brain Book

Customer Reviews

I first read Susan Sommer's book breakthrough. She mentioned and talks with Dr. Eric Braverman in her book, so I ordered his book. Both of these books were so helpful to me to understand what's going on in my body, what to eat and not eat, changes in my lifestyle for a healthier body and mind, and so much more! I made several of the changes they suggested starting 1 year ago, I am thinking better, feeling so much better, exercising easier, happier with the total new me now. oh, I also took off 30 lbs in the process of my changes. I feel and look years younger and everyone tells me the same.

What Dr. Braverman reveals about brain function and how it effects your moods and eating habits is awesome. My whole family took his test and found out where we are deficient and it helped us to know what we need and how herbal teas and correct diet can change our life.

Nothing new here.

Dr. Braverman has written a very important book on how to improve your brain activity. A great book for anyone with memory problems.

great

this is a very boring read. I think I could find better information searching the Internet. not worth the money.

Lots of good information, just research the recommendations against the Physicians Desk Reference to make sure there are no interactions with your condition/meds.

I am so glad I read this book, I already started to read it again. My only regret is that I did not have this book 10 or 15 years ago. Do yourself a favor and read Dr Braverman's other book SPARK as well. These two books are a MUST if you care about your health.
