Oh my! This is not only an amazing resource on how to prepare for an extraordinary picnic, it is a fantastic recipe book. From savory to sweet there is a plethora of foods to make and enjoy whether off on a picnic or hunkering down at home! I just received mine in the mail and as I am skimming through my mouth is watering! I seriously cannot wait to make everything (especially the Chocolate Mint "Movie Stars")!!! My 6 year old daughter is eyeing the Rosemary Lemon Bars and the Salted Caramel Popcorn. My 8 year old is grabbing the berries and heavy cream from the fridge, as I write this review, to make the Pots de Crème with Rose Whipped Cream...she is a very big fan of berries and cream on any and all occasions! The themes of the picnics are beyond cute, from romantic to kid friendly...and the ideas for seasonal activities that go along with the themes are perfect additions! Super glad I ordered this book! Don't hesitate...buy it!

Another Amazing Book by Ashley English, I have all of her books and can't wait until she has more. Recipes are delicious, photos and ideas are amazing- she puts her heart and soul in every book.

You want this book for your collection!! It's full of brilliant ideas and themes for picnics in all seasons, like games to play, centering your outing around bird-watching, dining by the water and making afternoon tea or a coffee break the focus. Ashley English includes instructions for building a simple, portable picnic table and cornhole boards, and we haven't even gotten to the RECIPES! There's Cardamom, Rose Water and Berry Coffee Cake; Chimichurri Chicken; Gingersnap and Coconut Lime Tassies; Smoky Cauliflower Spread; Cheesy Kale Chips; Rosemary Lemon Bars...I can't wait to go on these picnics. Ashley's recipes are always unique, approachable and delicious, and the photography by Jen Altman is stunning.

Another fabulous book by Ashley English. I love how the table of contents is by season, similar to Handmade Gatherings also by Ashley English. The recipes are unique and classic but not too complicated for a novice like myself. I adore the section on picnic essentials even includes a natural homemade (of course!) bug spray for picnic time. Can't wait to get into every one of these recipes!

This book is fantastic! Another great hit from Ashley English. I'm so glad that I added this to my collection and I totally feel like I can adapt each and every one of these picnic ideas to fit my

lifestyle.

As with all of her books this is a wealth of information. Amazing seasonal recipes, helpful logistical info, beautiful and inspiring images and lovely ideas to bring people together to spend time outdoors. Great resource not only for people that love to picnic because the recipes are on point!!

LOVE this book! Well written, well put together, pictures are awesome, recipes are all-palate friendly. Ashley did an amazing job on this book. Cant wait to make some of these recipes!

I truly love this beautiful book! Yummy recipes, lovely activity ideas, and stunning photos. My only issue was that several pages were not cut all the way through when in the punting/binding process, leaving many pairs of pages attached, still folded but not cut through at the bottom. I was able to resolve this with a blade, but wish that part of the purchase had been pristine.
