Seeing Red

Synopsis

#1 New York Times bestselling author Sandra Brown delivers nonstop suspense and supercharged sexual tension in a thriller about tainted heroism and vengeance without mercy. Kerra Bailey is a TV journalist hot on the trail of a story guaranteed to skyrocket her career to new heights. Twenty-five years ago, Major Franklin Trapper became a national icon when he was photographed leading a handful of survivors to safety after the bombing of a Dallas hotel. For years, he gave frequent speeches and interviews but then suddenly dropped out of the public eye, shunning all media. Now Kerra is willing to use any means necessary to get an exclusive with the Major--even if she has to secure an introduction from his estranged son, former ATF agent John Trapper. Still seething over his break with both the ATF and his father, Trapper wants no association with the bombing or the Major. Yet Kerra's hints that there's more to the story rouse Trapper's interest despite himself. And when the interview goes catastrophically awry--with unknown assailants targeting not only the Major, but also Kerra--Trapper realizes he needs her under wraps if he's going to track down the gunmen . . . and finally discover who was responsible for the Dallas bombing. Kerra is wary of a man so charming one moment and dangerous the next, and she knows Trapper is withholding evidence from his ATF investigation into the bombing. But having no one else to trust and enemies lurking closer than they know, Kerra and Trapper join forces to expose a sinuous network of lies and conspiracy--and uncover who would want a national hero dead.

Customer Reviews

"Sandra Brown just might have penned her best and most ambitious book ever, a tale that evokes

the work of the likes of Don DeLillo, Greg Iles and Robert Stone....SEEING RED is an exceptional thriller in every sense of the word, a classic treatment of the costs of heroism and the nature of truth itself. Not to be missed."Ã¢â€¢ Providence Journal"Brown's story mixes thrills with mystery and a spicy sex scene or two. She has a talent for making the reader think that too much information has been revealed early in the story, eliminating any possibility for suspense, but the conspiracy is so multilayered, the reveal is a tiny part of the overall picture. Strong characters and an emotional narrative make this one of Brown's best books in years."Ã¢â€¢ Associated Press

Sandra Brown is the author of sixty-nine New York Times bestsellers. There are over eighty million copies of her books in print worldwide, and her work has been translated into thirty-four languages. She lives in Texas. For more information you can visit www.SandraBrown.net.

Sandra Brown has justifiably earned her place as one of the top romantic suspense authors. Seeing Red gives us a scorching physical attraction between Kerra and Trapper, while keeping us on edge as past and present intertwine and secrets unravel. That being said, and get ready to boo me, this was not one of her best books. And of course that's subjective. Brown's storytelling is, as always, remarkable. I could see the characters and feel their emotions. But I wasn't invested in the story as I normally would be. Some of the word choices felt dated and/or strange for the specific characters. For instance, every single character referred to the bathroom as the "powder room". Maybe it's a regional thing, but I've never heard anyone under 70 use that term. It seemed particularly odd coming from cops and a rugged man in his thirties. Also, criminals who broke into a certain place were referred to as "intruders". Again, maybe it's a regional thing, but no one I know would tell me they had "intruders" in their home. Another problem area for me came with the lack of romance and abundance of sex. Quite a bit of and quite graphic sex, in fact. I missed the softness of the relationship. The characters' actions and dialogue felt more like edgy erotica than romance. The pace is steady, and the plot takes us to some interesting places with a couple interesting twists. But the reasoning behind it all, for me, felt weak. I can't explain why without giving spoilers. Despite my complaining, the story held my interest and I enjoyed spending time with the characters. And, as I said, my complaints are specific to me. If you're in the mood for steamy suspense, give this one a try.*I was provided with an advance ebook copy by the publisher, via NetGalley, in exchange for my honest review.*

Another out of the park hit from Sandra Brown. I have been reading her books for years and love

her work

I enjoyed this book - kept me interested until the end.

I really enjoyed this book!

Great book! Love Sandra Brown!

I love all of her books and this one was great.

very good Sandra Browns books are so good

As always her book was outstanding!
