The Changeling (The Wormling Book 3)

Synopsis

“Nothing special” is the best way to describe Owen Reeder—at least that’s what he’s been told all his life. When a stranger visits his father’s bookstore, Owen’s ordinary life spirals out of control and right into a world he didn’t even know existed. Owen believes the only gift he possesses is his ability to devour books, but he is about to be forced into a battle that will affect two worlds: his and the unknown world of the Lowlands. Perfect for readers ages 10 to 14 who enjoy a fast-paced story packed with action, fantasy, and humor.

Customer Reviews

I read this serie with my daughter, and we loved those books. The story is inspiring.

This is the best series Chloe has read. She looks forward to reading it before going to sleep. She keeps saying, just one more chapter!

Though I haven't yet read this book, the story has captured the imagination of my going-into-middle-school, non-reader son. That alone is high praise for the writing skills of the authors, with whom I'm familiar from other works they've done separately. Definitely a must-read for those young and old who enjoy the fantasy genre.

Another action packed adventure from Jenkins. Son kept the pages turning!

must get all. it is costly to buy all, but it is worth it. exciting adventure, very nicely written. it is written by christian authors but it doesn't sound like bible stories. I liked that the main character has to get courage or get encouragements from his friends to battle the enemy to get things accomplished.

The Changeling is a masterpiece allegory that has kept my five children interested and anticipating! This series is a great read aloud book for me to read to the group. I have enjoyed listening to their speculations of who they think is represented by each character. They beg me to keep reading each night. It is never a one chapter reading session with this book.

Love this series! Good versus evil. Great characters. The hero of the story is a positive role model with a great story to tell. Thanks for a a great read Mr. Jenkins and Mr. Fabry.

A great series!
