The Apple Tree: The Prophet Says Series

Synopsis

Little Shaima learns a valuable lesson in giving for the sake of charity and reward from God after planting an apple tree with her dad. By learning to give the fruit to others, including birds, animals and humans, she overcomes the selfishness she feels about wanting to keep all the fruit to herself. Based on an Islamic Prophetic saying -Hadith- this story brings to life the struggle and joy of giving to others and will capture the interest of all.

Mariam Al-Kalby is a storybook writer, poet, blogger, wife, and mother of two young girls from California. She received her Bachelors in English Education and Creative Writing from California State University, Long Beach. She is a dreamer and seeks out the creative aspects of life. She loves nature and natural beauty whether it's through art, writing, photography, or architecture...she believes art is in every form and it is up to the person to see the light within. Yee Von Chan is an illustrator based in Malaysia. She has a [Masters of Communication Design](#) and a Bachelors from [Swinburne University of Technology](#) in [Graphic Design](#). She specializes in whimsical designs and illustrations. She is also the creator of [Whimsy Whimsical Paper Goods](#). Visit her website at www.chanyeevon.com

I think this book is very cute, great message. I'm very glad as a Muslim parent, we are starting to have a lot of options for books to read to our children. I hope there will be more, maybe a series? I don't wanna sound too picky, but my son is a new reader and the font chosen in this book is very thin and isn't the easiest for a new reader to understand. I would choose something a little bolder and simpler.

I bought this as a gift but read through it myself first. The art and style are beautiful and it's great to see an Islamic children's story that isn't just a story from the Qur'an or Islamic history (not that those are bad, it's just nice to see variety). I thought it was well-written. As others have said, there could have been a better font, especially for new readers--it's kind of a pencilly-looking font. The person I gave the book to was very happy with it and said it was "awesome" so I believe she plans to read it with her child. The one thing I noticed right away--as a white convert--is that the girl in the story seems to belong to a predominantly Muslim culture and is kind of ethnically specific, but I think that's important for many children to feel represented.

This book is wonderful and good quality. My two year old loves it ...the pictures are great and I just summarize the story and she enjoys the beautiful pictures. I am not Muslim but my daughter is half Muslim so from my perspective it has just enough info to teach an important Muslim lesson but still be a story any person would enjoy since it is about giving. Love the book!!

The illustrations are nice, but the characters' names are really weird, and there are too many words on each page for a bedtime story. Seriously, I don't even know how to pronounce half the names. It's on the top shelf of my son's bookshelf, where I hope he won't ask me to read it. :(

A well-crafted story with simple words, a well-structured storyline and a powerful message. So beautifully done that it doesn't feel like moral has been shoved down your throat. The images of a little girl with big beady eyes full of curiosity and eagerness to do good deeds is quite endearing

Such a well written story. Captivating for children with a clear message that doesn't come off as boring or plainly preachy. My daughter wants us to read it every night. Very relatable

This is a good book. It teaches honesty, charity, and sharing with others. The illustration is also pretty good. However, the book has some grammar mistakes and also very wordy. As a children's

book it could have been written in a better manner with less technical and Arabic terminology.

An amazing book teaching the core concepts of sharing and generosity. 2 year old daughter loves it no doubt but its funny that my wife found me reading this to myself a couple of times :). Odd for a 30 year old
