Iowa State University --This text refers to an out of print or unavailable edition of this title.

This is a great book for beginners learning about textiles.

I needed this book for a Fashion class I am taking, and did not want to spend over 100 dollars doing so. This book is fine if you don't care about wear and tear, mine has a bit of writing in it as well as bending and obvious use. Interesting book nonetheless.

Pictures are clear and sharp. Paper quality is premium and smooth. I love to turn pages because the smell of paper is wonderful and addictive.

Great

Great Book! Arrived exactly on time as promised!

Originally thought was a great deal but the price definitely reflects the product. Poor condition book with pages written on and the CD that was supposed to come with the book was not included.
