The Silver Thief: The Cycle Of Galand, Book 2

Synopsis

Dante Galand has cured the sickness that trapped him on the Plagued Islands. Now it's time to leave. And kill a priest. The target is Gladdic of Bressel. Gladdic, who executed Dante's friend, the pirate Captain Twill. Who all but enslaved the Plagued Islands. And whose visions of empire are far from over. But Gladdic is trained in both ether and nether - and a darker magic than Dante has ever known. He's the most dangerous foe Dante has faced. And if Dante falls, so will an entire kingdom. Set in a USA Today best-selling world, The Silver Thief is the second book in the Cycle of Galand.

Best Sellers Rank: #91 in Books > Audible Audiobooks > Fantasy > Epic #102 in Books > Literature & Fiction > Genre Fiction > Horror > Dark Fantasy #302 in Books > Science Fiction & Fantasy > Fantasy > Epic

Customer Reviews

This is a great story! Cannot wait for the third one in this series. Not a great fantasy reader, but these stories are great! The first trilogy of the Cycle of Arwan is a great three book read. The characters are in depth, the story plot is well thought out, and the adventures are without peer. This book continues where the last one left off, yet it explores different aspects of the world the author has created. Again, look forward for the last one in this Cycle of Garland, maybe there will be a third trilogy. Highly recommend this book.

Robertson has a way of writing his stories that makes you feel like you are growing along with the characters. Much of the dialogue feels like genuine candor, and he is descriptive without being dry. If you haven't read this series I highly suggest starting it.

The only complaints I have with this series and this book specifically are that the main characters power limits are a bit undefined. One moment he seems nigh unstoppable the next weaker than when he was a kid. The other is that this book ends with a cliffhanger and I finished it well before the final book has been released. I just dislike when that happens. Now I have to wait.

Robertson has expanded and improved upon the work he put into the Cycle of Arawn. While the writing doesn't always seem as sharp as the Breakers series The Cycle of Galand (and Arawn) deal with themes that the Breakers series doesn't touch. What happens after death, the importance of history, and what happens when people of conviction and zeal clash with each other. Robertson introduced Raxa in this book, a prodigy thief, and I hope that this character is continued in the next book. Highly recommended series.

This book is a page turner. I read it on my tablet and smart phone whenever I have a spare few minutes. Very enthralling detail in the universe that Mr. Robertson has created. I really enjoy his concept of magic and he adds in just the right amount of humor while still keeping it serious. Recommended to anyone who has enjoyed the mistborn series and the stormlight archive series.

Great read. So much fun. From the clutches of defeat, Dante and Blays escape victorious. Now they have more friends. I can't wait to find out what happens next.

Definitely a five star story with complicated plots and vivid imagery. I dropped a star only for the infrequent misuse of a word scattered throughout. The author continues to build the personalities of the characters with believable and solid reasoning. I also enjoy the surprises in unfolding events. I love how he reprises a character from so far back in the Cycle of Arawn that I had almost forgotten her. As usual, there's a stellar cliffhanger at the end.

I love the characters. This was well written so I had a hard time putting it down. I recommend this series.
