Milady's Aesthetician Series: Peels And Chemical Exfoliation

Synopsis

Peels and Chemical Exfoliation, from Milady's Aesthetician Series, successfully exposes the reader to a broad understanding of the use of specific peeling agents and how they react on the skin. In this text, the author addresses the advanced educational needs of aestheticians and nurses in such settings as medical skin care facilities, day spas and resort spas. Through specific case studies, clinicians will improve their knowledge of the peeling process. These studies validate and underscore the clinical information. Unique to this publication is an expanded chapter dedicated to peeling agents, indications for use and predictable outcomes. Finally, policy and procedure guides show the clinician, physician or facility how to implement ideas and programs.

This is one of the few Milady's supplemental books that is more than just repackaged textbook chapters. This is an amazing resource, especially for newer estheticians, or estheticians who are still uncomfortable with more advanced peels. If you only buy one supplemental book to the Milady's Standard Esthetics text books, make it this one.

Just started reading, and my oh my, I think I am more scared to do a peel now than I was before, but only makes one realize that it's not something you just slap on someone's face. From what I have read, it would be a great book for any beginner in esthetics to read.

Great read

it was just what i expected

This book is very helpful in learning about peels and exfoliation. I will keep this as reference and for continued learning.

Awesome book! Easy to read, my school bought them too because it was so informational for esthetics work.

I give it 5 stars, it's excellent !!!

I AM VERY IMPRESSED WITH THE MILADY'S AESTHETICIAN SERIES BOOK "PEELS AND CHEMICAL EXFOLIATION". I AM A LICENSED AESTHETICIAN AND A SCHOOL INSTRUCTOR. THE INFORMATION IN THE BOOK HAS BEEN VERY ENLIGHTENING FOR STUDENTS GRADUATING FROM SCHOOL WITH THEIR AESTHETICIAN LICENSE AND ALREADY LICENSED AESTHETICIANS LOOKING FORWARD TO ADVANCED TRAINING. IT COVERS EVERYTHING YOU NEED TO KNOW AND HOW TO GO ABOUT GETTING THE PROPER TRAINING BEFORE TRYING TO PERFORM THESE PROCEDURES. THERE ARE TOO MANY PEOPLE OUT THERE DOING PEELS THAT DO NOT HAVE PROPER KNOWLEDGE AND HANDS ON TRAINING TO ADMINISTER PEELS AND ARE NOT ONLY HURTING PEOPLE BUT DAMAGING THEIR SKIN AND CAUSING MORE PROBLEMS TO DEAL WITH. IT IS EXTREMELY IMPORTANT TO HAVE THE PROPER KNOWLEDGE AND IN-DEPTH, HANDS-ON EDUCATION BEFORE DOING THESE PROCEDURES AND HOW FORTUNATE WE ARE THAT THIS BOOK IS
