# New Perspectives In Healthcare Ethics: An Interdisciplinary And Crosscultural Approach (Basic Ethics In Action)

## Synopsis

Tong, a well-known biomedical ethicist, combines medical ethics, bioethics, and her own unique insights to provide a comprehensive survey of contemporary health care ethics issues. Among the topics discussed in this book are complementary and alternative medicine; contraception and sterilization; infertility and assisted reproduction; and surrogate motherhood; genetic testing (screening and counseling); genetic therapy; biomedical and behavioral research; and euthanasia and assisted suicide. A useful reference work for those in the health care industry.

A useful reference work for those in the health care industry.

Rosemarie Tong is distinguished Professor of Health Care Ethics at the University of North Carolina at Charlotte. She is the author or co-author of *Women, Sex, and the Law*; *Ethics in Policy*

Analysis; Feminist Thought: A Comprehensive Introduction; Feminine and Feminist Ethics; Controlling Our Reproductive Destiny: A Technological and Philosophical Perspective (with Lawrence Kaplan); Feminist Approaches to Bioethics; and Feminist Thought: A More Comprehensive Introduction.~ Her edited books include Feminist Philosophy: Essential Readings in Theory, Reinterpretation, and Application (with Nancy Tuana), Globalizing Feminist Bioethics (with Aida Santos and Gwen Anderson), and soon to be published Feminist Bioethics, Human Rights and the Developing World: Integrating Global and Local Perspectives (with Anne Donchin and Susan Dodds).~

I needed the book for school. It reads well.

perfect

I bought this book as a required textbook for my nursing classes earning my masters degree in nursing, It is a great educational tool but not something for me for personal use.

In my desire to learn about global ethics, I'm not finding this book very helpful. It is a required text for a course I am taking.

Required for a class!

I needed this book for a class and was pleasantly suprised how interesting it was. Wong makes it very understandable.

Great book for my class this semester, easy to read and understand the information. I would recommend this book to future students.

Definitely a must have for anyone in healthcare with an interest in ethics or for educational purposes. Book came exactly as described and shipping was fast.
