Top Cases Of The FBI - Volume 1

Synopsis

"Top Cases of the FBI is a must for true crime fans and readers interested in details of famous villains and infamous events all in one place. A real bargain." One of the most fascinating Law Enforcement Agencies in the world is the FBI. From the J. Edgar Hoover days to present, the Bureau has investigated the most famous cases, including, mobsters, gangs, bank robbers, and terrorism. They have also received a few black eyes including, Waco Siege, and Ruby Ridge. From the roaring 20s to modern days, RJ Parker has written the true life events of cases that made major headlines all over the country. Each chapter in this book, is devoted to the biography (or background) of famous mobsters and horrendous events that the FBI has handled since the beginning of the agency. These cases include: John Dillinger and his Gang of Bank Robbers Mobster John Gotti Bonnie and Clyde Mobster Al Capone The Jonestown Massacre Oklahoma City Bombing The Unabomber The 1986 FBI Miami Shootout (In the line of fire) Ruby Ridge Waco Patty Hearst The D.C. Beltway Snipers VOLUME 2 - TOP CASES OF THE FBI, Coming September 2017

Customer Reviews

I am a sucker for reading about criminals...the 'badder' the better!! These are short stories revealing several of the names you have heard all your life in regards to criminal action and the FBI being involved in the search. I downloaded my book from onto my Kindle and found it a quick summer read that was enjoyable. I recommend this to anyone who recognizes the names such as Gotti, Bonnie and Clyde, etc.

I just finished this book and the thing that I liked was that it took a lot of FBI cases we know something about and put them in one book, instead of a dozen books. As a former FBI agent, I know a great deal about some of the cases but the author surprised me with some information I did not know. It is written in easy to understand format that puts the details right in front of you for easier understanding. While the book doesn't cover every aspect of each story, it put the major points so the author could get more stories into the book. It's a quick read but one that gives you enough info on each case to talk intelligently about it. If Mr. Parker writes another major FBI case book, I will buy it and I hope he puts some relatively unknown cases in it to widen my knowledge of the Bureau's work.

So many cases and so much information! This book was fascinating to read. Thank you for writing about so many cases in one book. I look forward to reading more of your books.

I really enjoyed reading this book and learning about cases I have never heard of. Each case is definitely a high profiled case because these people were very dangerous. Reading about cases from the early 1900s was great. Learning history is not so bad. RJ you have done a great job detailing about each case and this is a pretty cool book to learn some great information from. Excellent and must read.

Not a great book. Glad I got it free.

I really enjoyed this book because it is factual and to the point. He gives a brief background on each criminal, birth, childhood, parents, and where raised etc. Timelines were efficient and through. It is written like a police report without embellishments or fanfare. I actually learned quite a bit about many of the crimes and criminals! I recommend the book to others. Thanks!

The book made interesting reading, because one got a peek behind the cases that one have heard

about but did not know all the details. Now one also know in what diverse circumstances the people of the FBI must do their work.

great read, very interesting
