Customer Reviews

What would a father do to protect his child that is the question that is answer in this story? Take one young woman abused by her step mother and her father unable to help because of fear of what his wife would do not just to Julia but also to his two young sons. The answer is that Mr. King arranges for her to be a mail order bride without her knowing sends her away in a most unusual way by kidnapping then threaten to never come back. There are twists and turns in this 72 page book that are attention grabbers and a story that will touch you in so many ways. It was a wonderful book to read on a Sunday afternoon.

From start to finish my heart felt for Julia. Losing her mother at a young age, only to be raised by an abusive step-mother, had to be so difficult. Her young heart always felt for her father and brothers so it was difficult for me to understand how her father could just “stand-by” and not stop the abuse. Then to be forced to marry a man she believes doesn’t want her left her bruised heart even more tender. But did Lance ever change his mind? Yes, he was worried Julia and concerned about who abused her; but, did he ever fall in love with her? Did Julia ever find out how she ended up becoming a mail order bride? Did she ever find out what happened to her father and brothers? Most importantly, did she ever truly find happiness? This is a must read for all ages and I highly recommend it.

I tried, but I just can't read another. These stories have no development, no drama... A woman in a bad situation becomes a mail-order bride and lives happily ever after. That's the entire plot of every book. No ups and downs. No challenges to overcome. Barely second grade level plotting.

This was another good story. Though it is very sad that people have to abuse others and think it is alright to do it. The young woman in this story was able to overcome it but she had a long road to travel . Excellent story to read.

Another great book by Terri Grace! Tells the story of a young woman overcoming the cruel treatment by her stepmother and how her father intervenes to protect her.

I enjoyed reading about Julie. It made me sad how her stepmother treated her. I was glad that her father arranges for to be kidnapped.

I read so many mail order brides, and felt this one was one of the best. I found it believable and

characters well developed. I felt for Julia from start to finish. Her father was clever to figure a way out for her. I believe this was the first time, I've read where a parent helped a child get away from abuse, and really liked that aspect. Julie's husband surprises her at the wedding, making the ending so sweet. Great job Terri Grace

You'll enjoy this story as good triumphs over evil. A very happily ever after for all involved. Give yourself a treat.
