Customer Reviews

The second book in the chasers series! Excellent!! This book picks up where Crossover left off and does not disappoint. Once again a very short read. It is well written and mostly predictable, but Jack Carter is just too much fun to ignore. He is the little brother hero you want to reach out and help! Tazors..really bad idea..we all know that! I can't stand having to wait for the next part of the adventure to be published. Once again Mr.Dalglish states it is not doctrine, just good clean fanasty. Christian readers should be open to the fun quirky afterlife adventure. Please keep sharing your gift with your fans!

I am enjoying this series.. a little different from my usual read ..but I like to read different thing

It's really nice to read a book where the language is clean and everyone is not having sex with someone else or gory images that give u nightmares. I recommend this book. You will not be disappointed.

Couldn't put it down.
