Customer Reviews

Purchased for my little girl. She loves the show, and now she can get AR book points by reading the book-- it's just like the show, or so she says!

Granddaughter enjoyed it.

these books have turned my 6 year old into a reader - I actually have had to ask her to "put the book

down"

Our 7 year old daughter ordered this by mistake and can't read this yet.

This was an overall good book but if you're like me and you know the episodes word 4 word an this is going to be annoying cause the words are different and some of the stuff written assent even in the episode but it was good just expensive and short that's all
