## **Customer Reviews**

Atkins Diet 2017 by Shelby Saffron is an excellent resource for cooks trying to reduce their carbohydrate intake, in their battle to reduce weight.I am afflicted with Type 2 Diabetes, I am advised to consume less carbohydrates, but not to eliminate them altogether, so this book is of less use to me than it will be to others. What I mean is, I certainly can utilize these recipes, but should

consume some carbohydrates at the same time, so that my glucose remains under control. I bought this on recently, because I am always looking for delicious meals with less carbohydrates and fewer calories. Let's face it, I am far too short for the weight I pack around. My option is to either grow about 24 inches or lose a hundred pounds... What I love about this is that it is quick, to-the-point, and easy to understand and follow the directions. What is missing? Prep times, other nutritional information, such as protein, fat, calories and so forth, and the estimated prep time. Even so, this is one useful resource for most everybody.

Excerpt Atkins Diet Slow Cooker Barbecued Chicken 1/4 Cup Vegetable Oil 1 Whole Cut Up Chicken 1 Bottle Walden Farms BBQ Sauce 1/4 Cup Splenda Brown Sugar (Optional) 1 Tablespoon Garlic Powder 1 Tablespoon Liquid Smoke Salt And Pepper To Taste

Heat the oil in a large skillet over medium-high heat. Add the chicken pieces and brown on all sides. Place the chicken pieces in the bottom of your slow cooker. Whisk the remaining ingredients together in a medium bowl, pour over the pork chops, cover and cook on low 8-10 hours.

Bottom Line Although not exhaustive, this is a useful resource. Four stars out of five. Comments regarding your opinion of this book or of my review, whether favorable or unfavorable, are always welcome. If you buy the book based on my review and become disappointed, especially, I do want to know that and I want to understand how I can improve as a book reviewer. Just please be polite. Thank you.
