Fandex Family Field Guides: Presidents

Synopsis

The family field guide to America's presidents, now updated for 2017 and featuring the 45th President of the United States, Donald J. Trump. Fandex Family Field Guides: Presidents is a chronological field guide to all 45 of America's chief executives, from George Washington to Donald J. Trump. A hands-on reference, it includes more than 50 grommated, die-cut cards featuring a full-color image of each president along with facts about his personal and political life. Which President made the Louisiana Purchase? Which President won a Nobel Peace Prize? Which President also served as justice of the Supreme Court? Who was in office during the Teapot Dome scandal, and who endured the childhood nickname "Useless"? From the historic Founding Fathers (three of whom died on the Fourth of July) to the 19th-century forgettables (Fillmore, Tyler, Pierce) to our modern-day and current leadership, Presidents puts history at your fingertips. 53 Die-Cut Cards Full Color Throughout Knowledge at Your Fingertips For the Whole Family Fandex Family Field Guides is a bestselling reference series, with over 5 million copies in print.

I purchased this as a semi-joke gift for my friend as a study-tool for our weekly bar trivia. It always seemed like we would get obscure presidential questions (especially related to years in office), so I thought this would be the perfect solution. The information and presidential facts were all interesting, but I was disappointed in the quality of the product. Everything felt very flimsy and we were fearful of breaking the binding or tearing pages. At least it helped us memorize the order of all the presidents!

It's ok but I had hoped the individual "bookmarks " would have been made of a stronger paper or cardboard at least. This will bend and be ruined in no time with any use.

I bought this for my grandchildren but already had one, myself, for at least ten years. I could not live without this reference. As an avid "Jeopardy" watcher with a lifelong interest in American History, I use this "Fandex" all the time. It is displayed very well and each president's information is easily accessible. It has the pertinent details as well as the highlights of each man's term in office. A must for students, it makes an easy way to memorize the chronological order of the presidents' terms. I whole heartily recommend this product as well as the other "Fandex" products that sells.

Very good quality cards, a lot of useful information on the

My 7 yr old grandson is interested in presidents at the moment and these were perfect for him. They are well made and he will wear them out long before they fall apart. They are great!

We used our old one for a book report and just purchased the up to date Fandex which includes President Trump!

We love Fandex in this household. We homeschool and these are an easy way to teach our son. They also travel well. We take them where ever we go. Great for learning the Presidents. I also like

the pictures.

I love how this is such a groovy conversational piece as well as a great reference tool. During these political times, it's really fun to cross reference the boiled down facts about a President from these cards, with the books, *The Secret Lives* *Secret Lives of the U.S. Presidents*, and *Â Â Secret Lives of the First Ladies: What Your Teachers Never Told You About the Women of the White House*. It gives an in depth look at our first families. This Fandex collection is great! I love the *Â Â 50 States (Fandex Family Field Guides)* *Â Â* too!
