Why Oh Why Are Deserts Dry?: All About Deserts (Cat In The Hat's Learning Library)

Synopsis

In this latest installation of the Cat in the Hat's Learning Library, the Cat takes Sally and Dick to explore different kinds of deserts around the world, from the hot, dry Sonoran and Mojavi to the bitter cold Gobi and Antarctica. Young readers learn why deserts are dry, and how plants and animals—including cactus, kangaroos, camels, penguins, roadrunners, and many others—have adapted to survive the unforgiving climate. Also included: how sand dunes are formed; the reason we see mirages, and how shallow water beneath the surface of the ground can create an oasis. Fans of the new PBS preschool science show *The Cat in the Hat Knows a Lot About That!* (which is based on the Learning Library series) won't want to miss this hot new addition to the series!

TISH RABE is the author of countless books for young readers, among them 11 Cat in the Hat Learning Library books. Among the many books illustrated by ARISTIDES RUIZ are all the Cat in the Hat Learning Library Books. JOE MATHIEU has illustrated countless books for children.

My 3 year old LOVES this book! She's learning so much more about her surroundings with each read. We live in A.Z. So it's a great way to have a closer look into things she sees most everyday. She's proud to recognize few trees and cactus along with different birds and how they survive in the desert, our home. A fun learning experience with catchy phrases for memory. Like all Dr.Suess books.

love it, It is a gift for my grand daughters

The learning lesson and rhyming make this a good read. The 39 pages is a little much for a 3 and 4 year old so I broke it down in sessions.

Fun, educational, and beautiful illustrations that kept my 3 year old grandson mesmerized!

Good accurate information for children and adults alike AAA

Informative, engaging, and doesn't hedge on conservation and climate change. Can't miss.

My students enjoyed reading this book and learning about deserts in a fun way.

Very cute! Used it to show my grandkids about where I live.
